Source: Lightcast, (Formerly Emsi Burning Glass, Labor Insight/Jobs)

Lightcast uses proprietary job spidering technology to collect job postings from over 45,000+ sources to track currently active job postings and then publishes the data to Labor Insight. Job posting totals are de-duplicated based on employer name, job title and location, among other criteria, within a given time frame. A job posting may not necessarily imply the availability of a job.
