Source: Lightcast formerly known as Emsi Burning Glass, uses proprietary job spidering technology to collect job postings from over 45,000+ sources to track currently active job postings and then publishes the data to Labor Insight. Job posting totals are de-duplicated based on employer name, job title and location, among other criteria, within a given time frame. A job posting may not necessarily imply the availability of a job. For more regional labor market information, please contact your Regional Labor Market Analyst:
